

Lauren Aldrich, MAA

I am kindly asking that you consider me in your vote to the Executive Boards Nominating Committee in the upcoming 2018 Election. I have been employed by the Assessors Office in Monson since 2014. I was first hired as an Administrative Clerk and have been lucky enough to have been fast tracked through the education process. Currently I am the Assistant Assessor for the Town of Monson and in October 2017 I received my designation as a Massachusetts Accredited Assessor (#1309). I am extremely humbled by this opportunity and feel incredibly fortunate to have been nominated. I feel the Executive Board would benefit from more representation from the western part of the state and that I could bring a different perspective to the table. My hope is to expand on my experience as an assessor while simultaneously providing dedicated service to the MAAO and all of it's members.
