

To my fellow assessors,

I would like to take this opportunity to introduce my candidacy for a position on the Executive Board of the Massachusetts Association of Assessing Officers. I held this position in the past and would like to resume contributing to the success of the organization. I have been in the assessing field for sixteen plus years. I worked for a large municipality and now I have a position in the Town of Avon. I grew up in the town, so it was a natural progression to come back to my roots and to be able to serve my fellow townspeople. I feel it is an honor to serve the people of Avon where I have so many fond memories.

I am a certified residential real estate appraiser and a licensed real estate salesperson with many years' experience. I am also engaged as a data collector for the City of Quincy and the Town of Randolph. My vast experience in the field of assessing provides me with the unique qualities incumbent of a Member of the Board. It is important for me to continue to give back to the organization that has been so rewarding to me. During my career as an assessor I have developed many friends and associates through the MAAO. During my experiences at UMASS in Amherst, I have encountered many assessors from the western part of the State, and I understand their educational needs from a rural assessing standpoint. It is important to engage all communities from across the State and work towards building relationships to benefit all. I look forward to continuing serving the association.

In closing, I ask for your vote of confidence so I can continue the work as a Member of the Executive Board of the Massachusetts Association of Assessing Officers. Thank you, I sincerely appreciate it!

Respectfully,  
Paul J. Sullivan  
MAA #978
